Tshiamo's Foundation for Prematurity

Questions to Ask Your Medical Team

Use this worksheet during NICU visits, ward rounds, and discussions with doctors, nurses, therapists, and specialists.

My Baby Today

- How is my baby doing today?
- What progress has been made since yesterday?
- Are there any concerns I should know about?

Growth and Weight

- What is my baby's current weight?
- Is my baby gaining weight as expected?
- What growth milestones are we monitoring?

Feeding and Nutrition

- How much is my baby being fed?
- Is my baby tolerating feeds well?
- When might oral feeding begin?

Breathing and Oxygen Support

- What level of support does my baby currently need?
- Are there plans to reduce respiratory support?
- What signs show improvement?

Medication and Treatment

- What medications is my baby receiving and why?
- Are there any side effects to watch for?
- What tests are scheduled?

Discharge Planning

- What goals must be achieved before discharge?
- How can I prepare for taking my baby home?
- What follow-up appointments will be needed?
